

Stages of development of the space industry

On February 12, 2018 the Decree of the President of the Republic of Uzbekistan Sh.Mirziyoyev "On space research and technology development" was signed. A meeting was held for the graduate students of the Faculty of Land Management with the Director of Central Aerodynamic Enterprise Omonov Akmaljon Solijonovich and the Dean of the Faculty of LM Sh.Norboev and Geodesy and Geoinformatics. In addition, during the meeting the students were given detailed information on "Problems in the installation and operation of satellite geodetic networks in the Republic and their solutions". The purpose of the meeting is to have a higher goal of serving young graduates in the future, to become professionals in their specialty.
