T.r	F.I.Sh.	Ilmiy darajasi va unvoni	. Title and title of the scientific degree and title of dissertation	Dissertatsiya mavzusi
1	Abdullaev A.A.		01.01.02 Mathematical Physics and Differential Equations	Problems of the Puankare - Triкоми Border Problems for the Second Kind Mixed Equations
2	To'rayev F.J.		05.01.07 Mathematical modeling, numbered methods and complex of software	Matematicheskoe modelirovanie kolebatelnyx protsessov vyazkouprugix truboprovodov s protekayushchey jidkosti
3	Xolto'raev X.F.		01.01.04 Geometry and Topology	Upgrade the Idempotent Probability Measurement Functions to the Simple Universities category
4	Комилова X.M.		05.01.07 Mathematical modeling, number of methods and complex of software	Development of mathematical models, methods and algorithms for evaluating the dynamic behavior of pipelines transporting fluid
5	Normo'minov B.		01.02.04- Mechanics of a deformable solid body	Calculation of parametric vibrations of a viscoelastic shell of variable thickness
